Foreword Swiss Tennis

Dear tennis fans:

The main tasks of Swiss Tennis include the organization of international tournaments and championships at all levels in our country, enabling our athletes to compete with the best while avoiding costly travel.

Currently, 25 international tournaments are held across Switzerland. Among them are 15 pro tournaments, 6 ITF junior tournaments and 4 Tennis Europe events in the U14 and U16 age groups.

This year, Horgen Tennis Club on the shores of Lake Zurich will host an ITF U18 tournament for the first time. This event concludes a series of three ITF junior tournaments in Switzerland. For three weeks in a row, our nation's talents will have the opportunity to compete at the international level and to gather valuable experience for the future.

I would like to take this opportunity to thank Brigitte Bergemann and her team. Hosting the first edition of their tournament, they will provide an ideal setting for the participating athletes and the spectators. My thanks also go to all our partners and sponsors as well as to the many volunteers without whose support events like the ITF Zürichsee Junior Open would be impossible to organize.

I wish all the participants as well as the organizers and the spectators exciting and fair encounters – on and off the courts.

Sincerely,

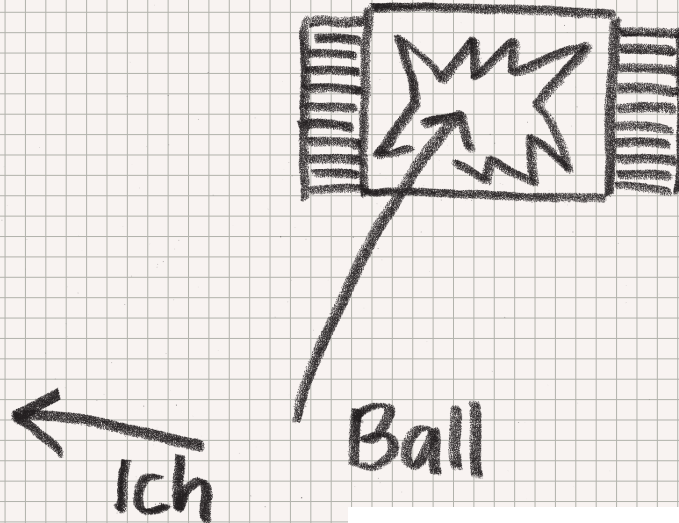

René Stammbach
President, Swiss Tennis

Foreword Tournament Director

Sport is an essential element of our society and an invaluable example of community life. This is one of the reasons why the municipality of Horgen attaches such great importance to its sports clubs and tries to support them in their valuable work in the best possible way.

Horgen is one of the communities around Lake Zurich that offers a particularly rich and varied range of sporting activities.

The officials of the Horgen Tennis Club have set themselves the goal of offering children and young people a meaningful leisure activity together with adults for the development of body and mind and to promote togetherness by playing tennis.

With a well-kept sports facility and clubhouse, an attractive environment for club members and guests has been created to enjoy their leisure time. To make this possible in the future, many activities of our volunteer members - both active sportsmen and sports enthusiasts - are necessary.

But help from outside is also needed. I would like to take this opportunity to thank all the helpers and sponsors and may ask for their support in the future as well. Without them, the sports operations of the tennis club would not be possible to this extent. At our tennis club you can make a significant contribution to the successful continuation of the voluntary work of the Horgen Tennis Club for the benefit of our community.

With sporty greetings

Brigitte Bergemann

FAQ

How does the Lucky Loser sign-in work?

Once the Qualifying is finished, the order of the Lucky Loser will be randomly drawn among those who lost in the Qualifying final. Ranked players will be drawn first, then the unranked players. Players who lost in the previous round come thereafter and so on.

If there is a free position for the main draw (withdraw from the main draw after the qualifying has started), the lucky losers move directly into the main draw. This is an automatic process and there is currently no obligation to register. If you do not want to take a possible lucky loser spot, please inform the referee immediately after your qualifying match.

If there is a free position later, Lucky Losers will take that position when they sign in at the Lucky Loser list of the day in the referee's office. The list of lucky losers ends 30 minutes before the planned start of the first match in the respective draw. The exact time will be published on the schedule of the day. The same order as in the previous drawing is used.

The registration lists for Lucky Loser will be available until every player has played his first match.

Can I call the physical therapist during the game?

Yeah, there's a PT on site. For additional treatments and massages before and after the games, please contact the tournament office.

Do I have to wear the same colored shirt as my doubles partner?

No, this rule is no longer part of the ITF Junior Tour Rulebook.

How many Ranking Points can I earn at the ITF Zürichsee Junior Open?

Singles

Winner	30
Runner-up	18
Semifinalists	9
Quarterfinalists	5
Round of 16	2

Doubles

Winners	25
Runner-up	13
Semifinalists	6
Quarterfinalists	3

Is there WIFI?

Yes, there is. Password available at the tournament office.

What do we expect from you and what can you expect from us?

A fair and sportsman like behavior on and off court. Please do not hesitate to contact the tournament office if you have any inquiries.
